## RTM Computer Solutions gives you the tools to sell to service businesses

Service Point SQL

FOCUS

Let us help you sell into the service industry! Adding vertical products to your system sales adds functionality and profit, and increases end-user satisfaction. We strive to make our software products the most comprehensive service management software available.

Service oriented businesses are undoubtedly one of the fastest growing market segments today. ServicePoint and Focus are an ideal software solution for these companies. The large variety of businesses that perform on-site or in-house service work seems to grow every day – and *all* are a candidate for our software. The list below represents just some of the types of service businesses that we have helped to succeed.

Computer service	Refrigeration systems
Pool and spa dealers	Pumps and compressors
Heating and air conditioning companies	Vending machines
Plumbing companies	Office equipment sales and service
Elevator installation and maintenance	Telecommunications companies
Overhead door sales and service	Commercial kitchen equipment
Vehicle maintenance	Environmental control systems
Fire suppression systems	Medical equipment
Commercial scale sales and service	Point of sale equipment
Security and alarm companies	Jewelry stores
Petroleum equip installation and repair	Audio-video systems
Appliance companies	Lift truck sales and service
Recreational vehicle sales and service	Boiler and burner service
Marinas	Copier service
Surveying equipment	Auto/Truck repair & accessories
Rentals & Reservations	Pet Groomers
Small engine repair	Garden center / Landscaping
Power tools	Commercial sign mfg and svc

Our brochures provide additional information that further explains many of the features and benefits of or products, and we are always adding to the list of features. ServicePoint SQL runs with CounterPoint SQL from Radiant Systems, and Great Plains Dynamics from Microsoft Business Solutions. Our Focus software currently interfaces directly with CounterPoint V7 from Radiant, and Passport Business Solutions from Passport Software. Focus is available for Windows and UNIX/Linux operating systems.

For smaller businesses, we market a starter version of Focus – Focus Lite. We offer on-line demonstrations of our software, and web-based training for those that need these services.

If you have questions or need additional information, please call us toll free at 866-879-3867. You can also visit our web site at www.rtmcs.com (download a free demo while you're there) or send e-mail to info@rtmcs.com. We look forward to hearing from you soon!
